

Areeba Mustafa

Frontend Developer | Aspiring Full Stack Developer

+92 304 77770776 | areebamustafa82@gmail.com | linkedin.com/in/areeba-mustafa-42a50a376 | Kasur, Punjab, Pakistan

Technical Skills

Programming Languages: JavaScript, Java, C++, C

Frontend Development: HTML5, CSS3, React.js, Bootstrap, Tailwind CSS, EJS

Backend Development (In Progress): Node.js, Express.js, RESTful APIs, JWT Authentication

Database Systems: PostgreSQL, SQL Server

Tools & Technologies: Git, GitHub, Postman, Visual Studio Code

Development Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, Database Design, Software Engineering, Structured Programming

Soft Skills: Problem Solving, Critical Thinking, Team Collaboration, Communication, Time Management, Adaptability, Attention to Detail

Experience

Academic Software Development Experience

2024 to Present

University Project – BS Computer Science, University of the Punjab

- Developed multiple academic projects using C++, JavaScript, and web technologies.
- Built frontend applications with responsive UI using React.js, HTML, CSS, and Tailwind CSS.
- Implemented OOP and structured programming concepts in C++ console-based projects and games.
- Worked on backend fundamentals including APIs, authentication, and database connectivity (learning phase).
- Collaborated with peers using Git and GitHub for version control.
- Practiced SDLC principles in academic project development.

Projects

Multimodal Sentiment Analysis (Final Year Project – In Progress) | Python, Machine Learning, React.js, Tailwind CSS

- Developing a system to analyze sentiment from text and audio inputs.
- Building Python-based processing modules for real-time analysis.
- Designing a responsive React.js frontend for visualization.
- Working on scalable architecture and backend integration.

Petpedia-Pearl – Pet Management Platform | Node.js, Express.js, React.js, PostgreSQL, Tailwind CSS

- Built a full-stack application for pet care and management.
- Implemented authentication and role-based access control.
- Designed RESTful APIs and integrated PostgreSQL database.
- Created a responsive and modern UI using Tailwind CSS.

Productivity Hub – Task Management System | MERN Stack, Tailwind CSS

- Developed a task management system for productivity tracking.
- Implemented RESTful APIs for application functionality.
- Designed dashboard for task monitoring and performance tracking.
- Ensured responsive design for multiple devices.

Smart Games Suite Pro – Web Gaming Platform | JavaScript, React.js, Node.js, Tailwind CSS

- Built interactive browser-based games using React.js.
- Implemented game logic and state management.
- Optimized performance for smooth user experience.
- Designed responsive interface for desktop and mobile users.

Education

University of the Punjab

Bachelor of Science in Computer Science (BSCS)

Lahore, PK

2024 – 2028
